**Reply to Media Query on Unauthorised Distribution of NDP Tickets**

1. The NDP 2024 Executive Committee (EXCO) takes a serious view of the sale and unauthorised distribution of NDP tickets. Monetising the privilege to be part of the nation's birthday goes against the celebratory spirit of the event.
2. Those found to be involved in such activities will be barred from balloting for future NDPs.
3. All NDP tickets are issued with serial numbers and can be traced to their recipients. The NDP 2024 EXCO has been working with online platforms to remove such listings.
4. There are checks at the point of entry to ensure that the tickets are authentic.
